

Embracing Digital Transformation in Ethics & Compliance

Kristi Kevern, Senior Managing Director, Ethics & Compliance, Dell Technologies.

September 16, 2019

- Companies from every sector are experiencing disruption in their industry and are having to transform their businesses using new digital tools and advanced data analytics.
- Ethics and Compliance organizations need to start focusing on a full scale digital transformation strategy of their own, connected to their company's journey but also maximizing new capabilities in the E&C space.
- The Dell and GE CECOs will talk about their own journey, how they are not only embracing this change but prioritizing resources to drive greater productivity, more dynamic ability to identify risk and target just in time information and controls.
