

Charge Master and Charge Management Risk: What Compliance Professionals Need to Know

Rosemary Holliday, Managing Partner, Holliday & Associates.

April 9, 2019

- Learn the compliance-oriented work flow processes, risks, and monitoring requirements that drive health system charge data (often referred to as Charge Management, Charge Master, Charge Description Master, or CDM)
- Eliminate the mystique of Charge Master Management, and learn why charge data auditing and monitoring should be a concern for healthcare organizations of all sizes
- Learn how properly-performed Charge Master audits (whether internally or externally-performed) can identify unforeseen compliance risk
- Discuss the various types of audits and how to determine the best audit focus for your organization
