

Real-World Strategies for Identifying, Measuring, and Reporting Risk

Betsy Wade, Corporate Compliance Officer, Signature HealthCARE.

April 9, 2019

- Learn how to refine your risk management process so it not only involves the right people, information, and implementation, but also conveys the importance and impact to your business decision makers
- Discuss how to quantify business risk exposure and think like your CEO so you can get buy-in from your leadership team
- Understand common barriers to success and how to overcome them
