

Top Cyber-Risks to Include in Your Audit Plan

Johan Lidros, President, Eminere Group.

April 9, 2019

- The use and deployment of information technology (IT) is a critical success factor for healthcare organizations. The speed of change, complexity and new requirements in the technology arena impact the ability to manage risk and ensure compliance
- In this session, participants will learn about the latest IT and cyber threats that can challenge their ability to deliver quality outcomes. They will learn how to best protect their data, ensure compliance and effectively monitor IT & cyber risks
- We will discuss best practices in IT Governance and help participants become better prepared for the latest IT audit challenges. This will include references to accepted industry standards
