

The CI Is Over: Now What? The CI Is Over: Now What?

Frank Ruelas, Principal , HIPAA College.

April 9, 2019

- Attendees will perform a self assessment using the 5WHI model to identify next steps on actions to take once they arrive back at their own organizations
- Compliance professionals will share with one another what they see as the most effective options to exercise within their organizations to show that their time and resources spent in attending the Compliance Institute was a sound investment
- Strategies will be discussed and those interested will have a chance to participate in an ongoing support group to help them stick to their action plans that are based on what they learned while attending the Compliance Institute
