

Business vs. Private Ethics: Does Such a Distinction Exist or Even Make Sense?

Business vs. Private Ethics: Does Such a Distinction Exist/Even Make Sense?

Hugh Penri-Williams, Owner, Glaniad 1865.

October 2, 2020

- Understand the arguments put forth by some that a distinction can and does exist between an individual's ethical approach to matters in their business when compared with their private spheres
- Learn why such arguments are not credible and could even be used to justify certain kinds of organisational (mis)behaviour
- Identify practical implications resulting from this diagnosis for compliance and ethics professionals
