

Hot OIG Target Area: Device Reporting & Related Outlier Hot OIG Target Area: Device Reporting & Related Outlier

Michael Calahan , Vice President of Hospital & Physician Compliance, HealthCare Consulting Solutions (.

November 17, 2020

- Review the newest OIG-favored target area for hospital audits and learn the 2020 rules & regulations as well as Medicare Program changes for medical device credit reporting
- Hospital Inpatient, Hospital Outpatient and ASC: Do you know how to identify which devices get reported when a credit is received? Do you know how to correctly report the credits in each of these settings?
- Clouding the picture for accurate reporting: Newly invigorated OIG audits with a specific target of APC outlier payments related to medical device credits. Do you know if you are receiving additional outlier payments?
