

42 U.S. Code § 1396i

Certification and approval of rural health clinics and intermediate care facilities for mentally retarded

(a)

(1) Whenever the Secretary certifies a facility in a State to be qualified as a rural health clinic under subchapter XVIII, such facility shall be deemed to meet the standards for certification as a rural health clinic for purposes of providing rural health clinic services under this subchapter.

(2) The Secretary shall notify the State agency administering the medical assistance plan of his approval or disapproval of any facility in that State which has applied for certification by him as a qualified rural health clinic.
